SATURDAY MORNING, JULY 31, 1858.

THE ORIGINAL MORGAN HORSE. Massachusetts has done many good things. among which is giving to Vermont the credit and the world the benefit, of the celebrated Morgan horse. Near the close of the last century, a singing-master by the name of Justin Morgan, lived in Chicopee street, West Springfield. The place where this man lived has been pointed out to the writer by one who knew him, and remembers his celebrated horse. Mr. Morgan bad a few acres of land, and usually kept one or two horses. He cultivated his farm in summers, and taught music in his own and neighboring towns, winters. In the spring of 1793 he raised the colt which has given celebrity to his name. Mr. Morgan had a passion for good horses, and this colt, while he remained in West Springfield, was more fully appreciated by his owner than by his fellow townsmen. In those days \$50 was considered a great price for a horse, and it is believed that this horse could have been bought for about

that sum. Fortune frowned upon Mr. Morgan, and seized with the spirit of adventure, about the year 1798, he migrated with his family to the wilds of Randolph, Vt. Here he lived a few years, and died poor. Neither he nor his family realized profit from this horse .-Such was the foundation of a breed which has given both wealth and character to New England. In this case is forcibly illustrated the influence of an ordinary action. Justin Morgan might or might not, have been conscious of the results, when sixty-five years ago he raised that famous colt. The act was simple in itself, but the consequences are momentous. An impetus was then given to a branch of industry whose power is not yet fully felt. Wherever the horse is known there shall the name of Justin Morgan be repeated. The Morgan horse is destined to give as much celebrity to New England, as the barb of the desert to Arabia. As a farm and family horse, the "Morgan" is unequalied. Docility, hardihood, endurance, compactness and surefootedness are his invariable properties .- Springfield Rep.

CALIFORNIA NEGRO EMIGRATION.

Consequent upon the passage of a stringent negro law of the Legislature of California at its last session, prohibiting the further emigration of free negroes to that State, and compelling those now resident there to give bond for their good behavior, large numbers of this class of people are now constantly arriving by every steamer from thence, with a view, we suppose, to permanent settlement, the laws of this Territory not being opposed thereto. A large number are also planting themselves upon Vancouver's Island, where, we learn, they have met with a favorable reception from the authorities. Among them is the negro Archy, the famous "Dred Scott" of California, for whose special benefit, we have heard it said, this negro act was passed, the colored population of California having become very turbulent during his trial, threatening by force and violence to rescue him from slavery, in case the courts should decide that slavery could constitutionally exist under the laws of California. So far as we have been able to form an opinion of this class of our community, we must say that they are a quiet, orderly, and unpretending people, none of whom have the appearance of being likely to give the Territory much trouble in governing them, while our laws shall permit their residence here .-Puget's Sound Democrat.

THE EPISCOPAL CLERGY.

gathered a number of interesting facts about the ministers of the Episcopal Church in this country. In speaking of their circumstances in early life, he groups together a hundred names, simply taking from a chronological catalogue for a given time, such as happened to be within his personal acquaintance.-Amongst these hundred, eight were the sons of farmers or mechanics in narrow circumstances, or who had left their widows in a dependent or straitened lot; eleven, of men of the same occupation, but of larger resources; twenty-three of men in mercantile business, more or less prosperous; six of gentlemen of wealth living in retirement from the cares of a profession; two of men in public office; three of physicians; one of a professor; thirteen of lawyers; and twenty-three of ministers. There was probably thirty who received and required assistance in obtaining their education. Only about half of them have been grad-

nates of colleges, and about two-fifths have attended theological institutions. One hun dred and fifty-three Episcopal clergymen in this country have written books. The longest ministry was sixty-nine years after ordination, and the average reaches the very high figure of thirty-eight years.

Trammell is about five teet 6 or 8 inches in height, full face, dark eyes and hair, thick lips, and good teeth, and about 26 or 28 years of age. Smith is slender built, about 5 feet 9 inches high, brown bair, light eyes, oval face, and prominent mouth, and shows his teeth when talking-his age is about 21 years. It is supposed that the prisoners received aid from friends outside of the jail, who are now

A CARD.—WM. S. KEMPER and hissons, D. & K. KEMPER, having purchased the ALEXANDRIA BOARDING SCHOOL PROPERTY, APPARATUS, &c. will take charge of that Institution after the present School term, and it is with pleasure l state, upon the very high testimonials they possess from the different members of the Faculty of the University of Virginia, where the father was for seven years Proctor, and the sons were both educated, that I think them highly qualified to conduct the establishment in a manner that will sustain, or even add to, any reputa tion it has hitherto possessed, and justly entitle it to the confidence of those who may have children or wards to entrust to their care
